

March 20, 2020

Update for our Pottersville, NY extension:

Davis College is following the on-campus protocols established by the Word of Life Bible Institute.

1. Please review the March 19, 2020 COVID-19 update published on the WOLBI website where the information is applicable to your housing, instruction, and ministry:
<https://wordoflife.edu/2020/03/15/covid-19-response/>
2. The temporary remote instruction (online) measures currently in place are now permanent and applicable to the remainder of the spring semester.
3. Namely, your professors will prepare modules on Canvas and deliver instruction and course assessment through that platform.
4. Student ministry requirements are to be completed (at home) as directed by forthcoming updates by appropriate WOLBI staff on the above webpage.
5. Please monitor the Davis College website (<https://www.davisny.edu/important-information-concerning-coronavirus-covid-19/>) and your Davis College and WOL email accounts for further developments.
6. We will be in contact soon about the fall 2020 semester class registration.

This is an excellent opportunity to DEVELOP, to develop as a disciple of Jesus, to develop the daily disciplines of prayer and time in the Word, to develop an increasing love for the lost and a passion to reach them, to develop compassion for other, to develop your ability to be an encourager, and to develop a deepened sense of intimacy with God.

Davis College stands with you!

Doug

D. Alan Blanc, PhD
Interim President
Davis College
