ONLINE M.S.N.

CEDARVILLE
UNIVERSITY.

THE GRADUATE SCHOOL

The Cedarville University School of Nursing will prepare you to use nursing as a ministry for Jesus Christ. Our online, distinctly Christian graduate nursing programs prepare you for advanced nursing practice. Our programs are flexible and allow you to learn in an interactive online community, without having to relocate. You'll experience a low student-to-faculty ratio with mentoring, highly qualified professors. Taught from a Christian university known for academic excellence, this M.S.N. degree provides in-depth study for you to expand your knowledge of healthcare delivery, clinical expertise, nursing leadership, use of evidence-based practice, and academic scholarship grounded in biblical truth.

> CHOOSE FROM FIVE FOCUS AREAS

FAMILY NURSE PRACTITIONER

The M.S.N. Family Nurse Practitioner program will prepare you to provide primary care across the human lifespan and use nursing as a ministry for Jesus Christ. You'll learn assessment, diagnosis, management, and treatment of common acute and chronic health problems, health promotion, client and family education, and use of evidence-based practice for meeting the needs for primary care and prevention. You'll benefit from on-campus experiences that will enrich your education through simulation exercises, personalized education and faculty feedback, and APRN skill, clinical reasoning, and role development opportunities.

Specialty Courses

- Advanced Concepts and Practice in the Care of Adults (200 clinical hours)
- Advanced Concepts and Practice in the Care of Children (200 clinical hours)
- Advanced Concepts and Practice in the Care of Older Adults (100 clinical hours)
- Advanced Concepts and Practice in the Care of Women (100 clinical hours)
- Applied Scholarship in Advanced Nursing Practice

cedarville.edu/msnfnp

NURSE EDUCATOR

The M.S.N. Nurse Educator program will prepare you to gain further knowledge in the sciences, healthcare leadership and policy, evidence-based practice, and advanced clinical practice and to use nursing as a ministry for Jesus Christ.

Specialty Courses

- Advanced Clinical Application (100 direct care clinical hours)
- Applied Scholarship in Advanced Nursing Practice
- Assessment and Evaluation for Nurse Educators
- Curriculum Design and Development for Nurse Educators
- Foundations of Nursing Education
- Nursing Education Practicum (200 practicum hours)
- Teaching and Learning Strategies for Nurse Educators

NURSING LEADERSHIP IN HEALTHCARE IMPROVEMENT

The M.S.N. Nursing Leadership in Healthcare Improvement program will prepare you to effectively serve in nursing leadership, as you use nursing as a ministry for Jesus Christ. Your coursework will include assessment, diagnosis, management, and treatment of common acute and chronic health problems, health promotion, client and family education, and use of evidence-based practice for meeting the needs for primary care and prevention. The biblically integrated coursework will influence the care you provide as an advanced practice nurse.

Specialty Courses

- Advancing Quality and Safety
- Leading Toward Excellence
- Managing Organizational Behavior
- Transforming Healthcare Through Strategic Decision-Making

cedarville.edu/msnleadership

GLOBAL PUBLIC HEALTH

The M.S.N. Global Public Health Nursing program will prepare you with expertise in providing population-based care domestically and around the world and using nursing as a ministry for Jesus Christ. You'll learn advanced nursing knowledge and skills based on world health problems and issues, environmental health, community development, societal structure, and policy development. You will discover how you can use nursing as ministry through congregational and community care and professional ministries to address health issues.

Specialty Courses

- Applied Scholarship in Advanced Nursing Practice
- Epidemiology
- Global Public Health Nursing Practicum I (200 practicum hours)
- Global Public Health Nursing Practicum II (100 practicum hours)
- Global Health and Vulnerable Populations
- Philosophy and Theology of Health, Healing, and Illness
- Population Based Health Care Management
